

- Seguir mejorando y avanzando en los estándares de calidad en los experimentos con animales, de conformidad con todas las normativas de la UE para la protección de los animales y con la consideración constante de las 3R.
- Facilitar proyectos colaborativos entre personal científicos fundamentales (preclínicos) y personal investigador clínico.
- Involucrarse y profundizar en los aspectos de garantía de calidad en las instalaciones centrales y en el desarrollo de estándares de calidad en estudios con animales.
- Establecer pautas para fortalecer la solidez, el rigor y la validez de los datos de investigación.
- Facilitar y fortalecer actividades de transferencia de tecnología y conocimiento como la elaboración de propuestas de mejora de las estructuras de transferencia (sensibilización, documentación y evaluación, “scouting”) y redacción de una estrategia de transferencia incluyendo la ampliación de la cartera de servicios y su adaptación constante.

● **Se ofrece:**

- **Contrato:** de actividades científico-técnicas al amparo del Real Decreto-Ley 8/2022, DE 5 de abril, por el que se adoptan medidas urgentes en el ámbito de la contratación laboral del sistema español de ciencia, tecnología e innovación
- **Jornada:** 100% de jornada
- **Retribución bruta anual estimada:** 40.000 € brutos anuales
- **Lugar de trabajo:** Instituto de Investigación Sanitaria Biobizkaia
- **Unidad o servicio:** Plataforma animalario
- **Fecha de inicio prevista:** Inmediata

El trabajador deberá ajustarse a las normas propias de funcionamiento del centro, en cuanto a la dedicación, función que debe desempeñar, horario y vacaciones. Los candidatos a esta convocatoria se incluirán en una Bolsa de Empleo que se podrá considerar para posteriores requerimientos del proyecto

● **Bolsa de empleo:**

La formalización de la solicitud se deberá realizar a través de la web de Empleo del IIS Biobizkaia: <https://www.bio-bizkaia.eus/web/iis/servicios/trabaja-con-nosotros>

No se presentará documentación en papel. Toda la documentación se presentará telemáticamente utilizando esta página Web.

IMPRESCINDIBLE adjuntar un CV personal, una carta argumentando que se cumplen los apartados "se requiere" y el "se valora" de la convocatoria, y toda la documentación acreditativa de lo consignado en el CV (otros títulos, nivel de idiomas...) en formato Pdf. La falta de CV y carta supondrá la no evaluación de la candidatura.

Se recomienda utilizar los buscadores Google Chrome o Mozilla Firefox para realizar la solicitud.

IIS BIOBIZKAIA se compromete con los principios de reclutamiento y transparencia basados en méritos (OTM-R), de acuerdo con los requisitos del Sello HRS4R

Responsible for the Animal Platform of the IIS Biobizkaia

Responsible for the animal platform with experience in research on animal models that guarantees the well-being of animals, compliance with ethical and legal regulations, manages and advises research staff, facilitates collaboration between groups and promotes research projects using the IIS Biobizkaia platform.

• **Requirements:**

- Degree in areas of Biology, Veterinary Medicine, Biotechnology or related areas.
- Animal experimentation certification A+B+C+D+E, for species 1,2,4 (1: rodents, 2: lagomorphs and 4: ruminants and pigs).
- 3 years of experience in animal facility management or research with laboratory animals.
- Accredited knowledge of English (B2).

• **Eligibility criteria: 100 points**

- Animal experimentation certification D and F. (0-25)
- Knowledge of European regulatory preclinical (GLP) and animal welfare regulations. (0-25)
- Experience coordinating research groups or platforms. (0-20)
- Knowledge and experience in the design, implementation and execution of research projects aimed at animal experimentation. (0-20)
- Minimum 33% disability certificate. (0-10)

• **Duties:**

- Stock, order and supplier control.
- Supervision of the animal facility facilities, ensuring that the equipment and resources are in optimal conditions.
- Implementation, supervision and development of animal care and handling protocols according to current regulations.
- Supervision of the animal facility's technical staff, assigning tasks and guaranteeing their continuous training.
- Provide assistance and advice, with state-of-the-art in vivo facilities for the entire community of scientists at the Biobizkaia Health Research Institute.
- Continue to improve and advance quality standards in animal experiments, in accordance with all EU regulations for the protection of animals and with constant consideration of the 3Rs.
- Facilitate collaborative projects between fundamental scientific personnel (preclinical) and clinical research personnel.

- Get involved and delve deeper into quality assurance aspects at central facilities and the development of quality standards in animal studies.
- Establish guidelines to strengthen the robustness, rigor and validity of research data.
- Facilitate and strengthen technology and knowledge transfer activities such as the preparation of proposals to improve transfer structures (awareness-raising, documentation and evaluation, scouting) and drafting a transfer strategy including the expansion of the service portfolio and its constant adaptation.

● **Employment:**

- **Contract:** of scientific-technical activities under the protection of Royal Decree-Law 8/2022, OF April 5, by which urgent measures are adopted in the field of labor contracting of the Spanish system of science, technology and innovation
- **Day:** 100%
- **Estimated gross annual compensation:** €40.000 gross per year
- **Workplace:** Biobizkaia Health Research Institute
- **Unit or service:** Animal farm platform
- **Expected start date:** Immediate

The worker must comply with the proper operating rules of the center, in terms of dedication, role to play, schedule and vacations. Candidates for this call will be included in an Employment Exchange Program that may be considered for subsequent requirements of profiles with similar characteristics.

● **Application:**

The application must be formalized through the IIS Biobizkaia Employment website:
<https://www.bio-bizkaia.eus/web/iis/servicios/trabaja-con-nosotros>

No paper documentation will be presented. All documentation will be presented telematically using this website.

IT IS ESSENTIAL to attach a personal CV, a letter arguing that the "required" and "assessed" sections of the call are met, and all supporting documentation of what is stated in the CV (other qualifications, language level...) in format PDF. The lack of CV and letter will mean the candidacy will not be evaluated.

It is recommended to use the Google Chrome or Mozilla Firefox search engines to make the request.

IIS BIOBIZKAIA is committed to the principles of merit-based recruitment and transparency (OTM-R), in accordance with the requirements of the HRS4R Seal.
